PATENT

DECLARATION

As a below-named joint inventor, along with Margaret Elaine Kerr, I hereby declare that:

My residence, post office address, and citizenship are as stated below next to my name, that I believe I am an original, first, and joint inventor named below of the subject matter which is described and claimed and for which a patent is sought on the invention, design, or discovery entitled METHOD FOR THE PREPARATION OF METALLOCENE CATALYSTS, the specification of which was filed with the Patent and Trademark Office on February 13, 2001, under Express Mail Label No. EL 465446040 US, and assigned Patent Application Serial No. 09/782,752.

I have reviewed and understand the contents of the above-identified patent application, including the claims, as amended by any amendments referred to above; that I do not know and do not believe that said invention, design, or discovery was ever known or used in the United States of America before our invention or discovery thereof, or patented or described in any printed publication in any country before our invention or discovery thereof for more than one year prior to this application, or in public use or on sale in the United States of America more than one year prior to this application; that said invention, design, or discovery has not been patented or made the subject of an inventor's certificate issued prior to the date of this application in any country foreign to the United States of America on an application filed by me or my legal representatives or assigns; and that I acknowledge my duty to disclose information of which I are aware which is material to patentability in accordance with 37 C.F.R. Section 1.56(a).

Please direct correspondence and phone calls to:

PATENT

**DECLARATION**

As a below-named joint inventor, along with William John Gauthier, Margarito Lopez, David John Rauscher, and Don Gordon Campbell Jr., I hereby declare that:

My residence, post office address, and citizenship are as stated below next to my name, that I believe I am an original, first, and joint inventor named below of the subject matter which is described and claimed and for which a patent is sought on the invention, design, or discovery entitled **METHOD FOR THE PREPARATION OF METALLOCENE CATALYSTS**, the specification of which was filed with the Patent and Trademark Office on February 13, 2001, under Express Mail Label No. EL 465446040 US, and assigned Patent Application Serial No. 09/782,752.

I have reviewed and understand the contents of the above-identified patent application, including the claims, as amended by any amendments referred to above; that I do not know and do not believe that said invention, design, or discovery was ever known or used in the United States of America before our invention or discovery thereof, or patented or described in any printed publication in any country before our invention or discovery thereof for more than one year prior to this application, or in public use or on sale in the United States of America more than one year prior to this application; that said invention, design, or discovery has not been patented or made the subject of an inventor's certificate issued prior to the date of this application in any country foreign to the United States of America on an application filed by me or my legal representatives or assigns; and that I acknowledge my duty to disclose information of which I are aware which is material to patentability in accordance with 37 C.F.R. Section 1.56(a).
